

Agenda

Statewide Water Analysis Network Workshop Implementing California Water Plan Update 2005 Recommendation 11: Improve Water Data Management and Scientific Understanding

Designing a Pilot Study to Improve Utilization of Data Produced for Local, Regional, and Statewide Water Planning

Wednesday January 24th, 2007
9:00 a.m. to 12:30 p.m.
Bonderson Building, 1st Floor Hearing Room,
901 P Street, Sacramento

Meeting Objectives:

1. Describe Statewide Water Analysis Network (SWAN) and its roles in the next CWP Update
2. Describe what DWR would like to accomplish with the pilot study.
3. Describe whom DWR would like to participate with.
4. Present a preliminary scope of the pilot.
5. Discuss the objectives and preliminary scope with participants and receive feedback.
6. Refine preliminary scope to a draft scope to be distributed for review.

Agenda Items:

1. Introductions
2. Description of SWAN and its role in preparing next CWP Update
3. Context for pilot study
4. Objectives of pilot study
5. Other related efforts
6. Identify desired participants
7. Preliminary scope of pilot study
8. Discussion with participants regarding objectives and preliminary scope
9. Working sessions to refine objectives and preliminary scope
10. Discuss how to initiate and conduct pilot study
